Abstract

The article provides short review of the first part of "The report on competitiveness of Russia 2011. Laying the foundation for steady prosperity", developed by Margaret Drzhenek Hanuz (The world economic forum of development) on a subject "From redistribution of the goods to creation of prosperity: conclusions from the Index of global competitiveness" with author's treatment of increase of competitiveness of the Russian Federation and its regions (on the example of the Republic of Tatarstan). Weak and strong positions of Russia in comparison with the most developed countries of the world are allocated. The article gives directions for further development of Russia. © IDOSI Publications, 2013.
